

## TECHNICAL DATA SHEET

### **F- L490720**

Nominal voltage	12 Volt
Rated capacity (20h) Standard	90 Ah
Plates	16
Discharge current at -18°C (en)	720 A
Reverse capacity (RC -min)	170
Weight filled and charged	19.5 Kg
Electrolyte	Diluted sulfuric acid
Electrolyte density	1,28 +/- 0,01 Kg/l (25°C)
Battery container	PP container
Base Hold Down	B13
Dimensions	314 x 174 x 190mm (l x b x h)
Layout	0
Plate composition	Lead – Calcium alloy (Ca-Ca)
Separator	Microporous PE separator
Pole	Ø 19.5 / 17.9 mm
Application	STARTING battery
Warranty	12 Months
Status	Sealed Maintenance Free
